Direct Enrolls
101
What is a Direct Enroll?

Direct Enroll programs are ones which we have an agreement with the university to send our students to their university but they do not send students to TU. Students enroll directly into the partner university.
Benefits of Participating in a Direct Enroll Program

**University Life**
Direct Enroll programs put students directly into a partner university with access to university amenities.

**Academic Flexibility**
Our Direct Enroll programs work for 90% of TU students as they provide a large variety of course options.

**Engage with Locals**
On Direct Enroll programs students take courses with local students and live amongst local students.
